

**APCS2  
Straight**

**12.5 x 11.0 cm**

The straight connector (APCS2) is used when the spigot outlet on the WC is in line with the SWR pipework system.

**APCC2  
Collapsible**

**12.5 x 11.0 cm**

The flexible connector (APCC2) is extendable from 22.5 to 55.0 cm and is very useful when the SWR pipework is at a significant distance from the WC spigot outlet or if it is in a vertical position.

**APCO2  
1.8 cm  
Offset**

**12.5 x 11.0 cm**

**APCO4  
4.0 cm  
Offset**

**12.5 x 11.0 cm**

The two ranges of offset connectors (APCO2 and APCO4) are useful if there is a mismatch between the centres of the spigot on the WC and the SWR pipework. Offsets of up to 4.0 cm can be catered to, by these two WC pan connectors.
